EXPERIENCE

HSBC - Data Analyst Degree Apprentice

Oct 2024 — Now

Rotation 1 - Data Privacy Analyst

- Led the Data Privacy Forum, aligning stakeholders across Legal, Marketing, and Communications on privacy requirements, risk and remediation actions.
- Reviewed and rewrote Privacy Notices for transparency and accuracy, ensuring compliance with UK GDPR, ICO guidelines, and data retention schedules - directly reducing regulatory risk exposure.
- Delivered regulatory updates and senior management reports that contributed to an 85% improvement in privacy compliance tracking, giving leadership clearer visibility over open risks.
- Authored user guides and process documentation that reduced compliance errors and shortened onboarding time for new team members.
- Tracked privacy queries raised by business teams, prioritising by regulatory risk and escalating high-severity items to Legal.

Rotation 2 - Graph Data Scientist

- Built ER Diagrams and Knowledge Graphs from raw CSV data using Python, PyVis, and Anzo turning source data into business usable structure.
- Wrote SPARQL queries to improve accuracy, data lineage tracking and business context mapping across HSBC data estate.
- Designed a Python pipeline that cleaned governance data and mapped rules using SmartML/ embedding models, producing structured JSON outputs consumed downstream by governance reviewers.
- Documented data lineage and modelling decision to support audit readiness and knowledge transfer to other teams.

Rotation 3 - Data Analyst - Group AI

- Analysed and reported on HSBC's group-wide AI programme/ Investments, tracking progress against milestones by Data Studio Dashboards accessed by teams across the bank.
- Co-hosted monthly stakeholder meetings, around dashboard updated aligning priorities across technology teams and business teams at levels of seniority.
- Queried and reconciled data across sources using SQL and Google BigQuery, and used GitHub for version control on analysis scripts - spanning data engineering, analysis and visualisation.

VOLUNTEERING

Development Ambassador - HSBC

- Owned a £4,000 budget and launched "Lunch & Learn" sessions to build knowledge-sharing culture across the bank.
- Acted as the point of contact for graduates, apprentices, and interns bank-wide
- Organised Leadership events, including Early Talent senior leader fireside chat, to boost professional development.
- Led and coordinated a team of 4 to deliver ambassador initiatives on time and on budget.
